Since 1948 the Cerebral Palsy Association of Nassau County, has provided quality services and programming for individuals with disabilities.

An independent, non-profit health care agency, the Association has grown from the dreams of a small group of parents who were seeking a better life for their children to its present status as one of the largest facilities of its kind in the nation.

A dedicated staff provides services to over 1,500 children and adults with a broad range of disabilities at the Agency's campus in Roosevelt. In addition to a wide array of on-site therapies and programs, CP Nassau also provides residential housing and job placement.
